

## Air Handling Systems Newsletter

**INDUSTRIAL STRENGTH  
Ductwork Direct**  
AUGUST 2012

**Air Handling Systems to exhibit at IWF Booth 5800.**

In just TWO weeks the woodworking community will gather for the largest woodworking event in the western hemisphere. [IWF the International Woodworking Fair](#) will be held in Atlanta, GA at the Georgia World Congress Center, August 22-25. **Please make plans to see us at Booth 5800.** We have lots of promotional items to give away including PEZ candy, flex hose "pen test" pens and **mention this email and get a Air Handling Systems Shop Apron**, while supplies last.

### **"Combustible Dust" and "Wood Shop Dust Collection" FREE SEMINARS at IWF**

As well as staffing our **Booth 5800** in Building B - we will be presenting **TWO FREE** seminars as part of the Technology Theater in Building B at Booth 4743.

**"Combustible Dust - An Explosive Issue"** will cover - What is Combustible Dust? Who's in Charge? Can it Happen in My Facility? and Prevention! Presented by Jamison Scott. Thursday, August 23 from 10:00-10:20am in Technology Theatre located at Booth 4743 in Building B.

**"Wood Shop Dust Collection - How much air do I need?"** will cover - How much CFM (cubic feet per minute) is required for a hood outlet diameter? Additionally, manifold sizing for multi port moulders and multi port wide belt sanders will also be discussed. Presented by Curt Corum. Thursday, August 23 from 10:30-10:50am in Technology Theatre located at Booth 4743 in Building B.

Not attending the show and still interested in learning more about our seminars - just email us at [sales@airhand.com](mailto:sales@airhand.com).
