INDUSTRIAL STRENGTH Ductwork Direct

JANUARY 2013

Look what [Air Handling Systems](#) fabricated...

**Custom Manifold
for Edge Bander, Widebelt Sander,
CNC Moulder or any equipment with
multiple exhaust outlets.**

Manifold - Manufacturing Video

Watch the manufacturing process on creating a fully welded, airtight, multi-tap manifold.

On a daily basis we manufacture manifolds for Weing and Wadkin moulders as well as many other manufacturers. Many larger sanders being manufactured today require a similar type of manifold.

To provide a quote for a multi-tap manifold we simply need the following: A sketch of the manifold. On the sketch, designate the A & B diameter. Then, designate the placement and diameter of each tap (C, D, E, F etc.). Provide measurements from small-end (B) to the start of each tap. For more info see [Manufacturing/Custom Parts](#) link on the left or [click here for Tech Data on Manifolds](#).

...think what [Air Handling Systems](#) can do for you!

**Combustible Dust trends as one of
the most viewed articles in 2012.**

Woodworking Network reports [ComDust: What Woodworkers Need to Know](#) was among the most-read articles in 2012. [Click here](#) to read more.

2013 - 99% prices remain the same.

Last month we lowered prices on our [Easy Connect Sleeves](#). Not just 5% or 10% or even 25% - an average of **43%** price reduction accomplished! [Click here](#) to order now.

99% of all other items remain the same. Same prices, on spiral pipe, flexible hoses and many other items.

[PBS Video America Revealed The Future of Manufacturing](#)

Americans are continuously innovating, Google, Intel, Facebook, some of the largest companies in the world all started in America. The fact is, we manufacture more now than we ever have in our history. [Click link above](#) to watch video.

What makes [Air Handling Systems](#) the **BEST Choice**...
