**INDUSTRIAL STRENGTH
Ductwork Direct
April 2016**

New for 2016 Clamp Together Ducting Versatile, Fully Welded, Heavier Gauge

Air Handling Systems is announcing the introduction of the **Clamp Together Duct System** to our product line. Air Handling Systems is the only company that provides a full range of ALL types of ductwork to handle all your industrial ventilation needs. Easily connects to your existing system or connect your Clamp Together System to our spiral pipe. The Clamp Together Duct System uses a barrel-type clamp to attach two rolled edges of ducting together. Clamp each piece together without any special tools. Pipe is laser welded, clamp together collars are added to our fully welded, airtight heavier gauge fittings.

Combustible Sawdust Seminar at Wood Flooring Expo

NWFA Wood Flooring Expo in Charlotte, NC April 27-29 has more than 20 hours of education sessions available. Sessions will be presented in five business tracks: Marketing/Sales, Management, Technical Skills, Architecture/Design, and a Collaboration track that brings together attendees to share experiences and best practices.

Air Handling Systems will be presenting **Combustible Dust: an Explosive Issue, Friday, April 29, 10:45.**

Learn more about:

- Standards and regulations
- Who's responsible for compliance issues
- Prevention and preparing for OSHA inspections
