**INDUSTRIAL STRENGTH
Ductwork Direct
January 2016**

New for 2016 Expanded Product Line Introducing Clamp Together Ducting

Air Handling Systems is announcing the introduction of the **Clamp Together Duct System** to our product line. Air Handling Systems is the only company that provides a full range of ALL types of ductwork to handle all your industrial ventilation needs. Easily connects to your existing system or connect your Clamp Together System to our spiral pipe. The Clamp Together Duct System uses a barrel-type clamp to attach two rolled edges of ducting together. Clamp each piece together without any special tools. Pipe is laser welded, clamp together collars are added to our fully welded, airtight fittings.

Industrial Ventilation Consulting Services

Need help on your industrial ventilation system? Zynergy, lead by Jerry Zalewski, brings decades of experience making industrial ventilation systems work their best for his clients. Jerry helps take the mystery out of industrial ventilation and eliminates expensive reliance on myths and "guesses".

- Principal Consultant & Owner; Zynergy LLC.; providing engineering consulting services including application, design, training, and trouble shooting for industrial air cleaning equipment (dust and mist collection/filtration).
- 41 years' experience in the application and service engineering, as well as consultative sales, of air, gas, and liquid handling equipment.
- 27 years' experience in workspace air contaminant control and filtration.
- Previously served in field engineering, sales engineering, sales management, and executive positions with

What our customers say...

"Quality products and exceptional customer service are all but gone today. Sad to say, but the times of quality and professionalism are rapidly disappearing. I'm very glad that Air Handling Systems still believes in both quality products and perfect customer service."

Dimitrios F.
Astoria, NY
